EQUIPMENT LOCATION. Gear for the 18 events is set out, in order, along the edge of the track, starting to the left of the stage.

EVENT LOCATION. Set up Hit The Cans in the half of the hemisphere between the end zone and the track closest to the stage. (See Track Map & picture). Position the event close to the center and right against the end zone leaving as much space as possible free for your corral and for traffic flow.

CORRAL. There is be plenty of space to stage your waiting athletes. Expand as necessary towards the track without impeding traffic.

FIELD MARKERS, FLAG, PODIUM, GROUP SIGNS. Martha will be in charge of a small army of Key Clubbers who will be setting up field markers, flags & podiums all over the stadium well before the start of the Games. Work with the field marker team to mark the perimeter of your Event. The signs for the Groups assigned to you as their first Event will be delivered to you. Help arriving Group Leaders locate their signs.

TRAFFIC FLOW. We want to maintain a generous circuit completely around the track, consisting of the inner 3 lanes and a generous swath of the adjacent infield to accommodate travelers. It is your Event's responsibility to manage traffic flow in the vicinity of your Event.

AFTER THE GAMES. Detailed instructions (especially for decommissioning the flag) in "General Event Instructions", in the packet. Field markers will be picked up by the same team that deployed them. Police the field in your area absolutely spotless.

Your Event is located in one of the big half moons at either end of the football field end zones.

These are very high traffic areas.

Please locate your event right against the end zone. Take as much space as you need, but please leave as much space as possible for traffic to spill off the track into the half moon. By locating your event as far as possible away from traffic, you will protect it from being overrun by travelers passing through.
